

# 1st Day, Thursday 24th October 2019; 9:00 – 17:00 h

Location: Sports Hall of the New built "Glänninge Passive house school and sports center". Hellbakken 3, 312 32 Laholm  
Conference room and exhibition space for passive house component and sustainability manufacturer

## Our time is now!

The Passive House and Sustainability Conference 2019 in Laholm is the only Swedish sustainability conference focusing on the passive house philosophy.

Swedish and international experts, buyers, representatives of the construction industry and politicians are expected to attend the conference. On both days there will be an innovation fair.

Our beneficial conference package offers full travel comfort, overnight stay in a spahotel and evening entertainment. From SEK 8,900!

During the conference there will be a visit to the Glänninge School, Sweden's new flagship in sustainable building, which has also attracted international attention.

## Morning-session – Our time is now!

**Karl-Erik Grevendahl** is the moderator at the morning. He has extensive experience of national and international work on environmental, climate and sustainability issues.

	Speaker	Title
